The latest in Applied Neurobiology according to Dr. Dietrich Klinghardt (M.D., Ph.D.).

Don’t miss this rare opportunity to learn from Dr. Dietrich Klinghardt, Saturday 19th and Sunday 20th January 2008, London.

We are proud to bring back our ever favourite Dr. Dietrich Klinghardt. For those of you who have witnessed the healing power of his simple methods, heard him lecture, heard his name or are wondering what this weekend is about.

In his work Dr. Klinghardt combines the most advanced teachings from: German Energy Medicine, the most advanced Nutritional Therapies from the USA, a deep understanding of the work of the gifted British Physician, Dr. James Cyriax, the developer of non-invasive pain management techniques and the work of German Psychoanalyst Dr. Bert Hellinger.

In recognition of his work Dr. Klinghardt has been awarded the 2007 “Physician of the Year” award at the “Global Foundation of Integrative Medicine.”

Topics covered include:
- The latest medical insights into the most common ‘new diseases’ including: Chronic Fatigue, Premature Aging and Mental Decline, Insomnia, Short Term Memory Loss, Zest and Sex-drive.
- Confident use of laboratory work: genetic testing, hormone testing, objective detection of chronic infections and infestations, tests for metal and environmental toxicity.
- Detoxification made simple: safe and effective strategies without a ‘healing crisis.’ The new most powerful detoxification agents complete with no side effects.
- Neurological impairment in children including: Autism, Learning and Behavioural Disorders
- Autonomic Response Testing with special attention to dental related issues: material compatibility testing, detection of infections in the jawbone, determining the optimal height and width of the occlusion as well as fine-tuning the bite.
- Simple Neural Therapy strategies to improve general health and lymphatic drainage.
- New and effective energy medicine tools
- The non-antibiotic long-term treatment of chronic infections for systemic health and well being
- New insights and new uses of Psychokinesiology (PK) and Mental Field Therapy.
- The latest in peer reviewed literature

Both days will commence at 08.30 for 09.00 and close at 18.00hrs. All treatment techniques will be supported by illustrating their application to the patient and the benefits you can expect to routinely produce.

Venue: Tuke Common Room,
Regents College, Inner Circle, London, NW1 4NS
Course Fee: Per Person £385.00. Spouse/Assistant £320.00 (includes VAT, mid-morning/afternoon refreshments, a light lunch and a full set of comprehensive course notes). Space is limited and based on the first fifty bookings received.

“I am convinced that he is one of the most brilliant and gifted medical pioneers of our times. I feel I have learned more at his seminar workshops on the treatment for chronic health than I have in the last ten years combined. Dr. Klinghardt is always searching for the truth of how to heal individuals at the deepest level. His work is the most consistently effective in the shortest amount of time and at the most profound level. The only techniques at this time that I believe are better are prayer and miraculous healing.” A testimonial from www.mercola.com
